BLESSED TO BE WORKING IN THIS FIELD

Earlier this year, Debra May Himes Interior Design & Associates celebrated 40 years in business with a ribbon-cutting ceremony held by the Chandler Chamber of Commerce. The event took place at the studio in Chandler where guests enjoyed Champagne alongside cake adorned with fresh flowers.

The studio is known for award-winning residential and commercial interior design with Himes herself actually creating many pieces of furniture, which can be viewed on her website at www.dmhdesign.com and on www.houzz.com. As a full-service design studio, they provide services for home decorating, remodeling, accessorizing, and furnishings as well.

Ms. Himes is a native of Arizona and “loves the strong and rugged Arizona desert, which is reflected in many of her designs.” Having practiced

interior design in the greater Phoenix Area and several parts of the United States since 1975, she “feels blessed to be working in a field she is so passionate about.”

In addition to holding a Bachelor’s degree in Interior Design, Himes has earned a certificate from the National Council for Interior Design Qualification or NCIDQ. This certification is reserved for designers who are highly qualified with regard to the aesthetics of interior design and who also meet certain requirements with regard to public health, safety and welfare. To date, there are roughly 30,000 people in the world who are NCIDQ certified.

In addition to the above certifications, Himes is also a Leadership in Energy and Environmental Design (LEED) accredited professional, and she is past president of the American Society of Interior Designers (ASID) of Arizona North.
